PREFACE.

The Registers of the three Parishes, of which the Marriages are printed in this volume, all begin in the sixteenth century. But while it is a pleasure to be able to mention the preservation of the old volumes, it is a matter of regret to have to add that at Whiteparish the Marriage Register for the years 1807 to 1812 is missing. When it was lost is apparently not now known, but it is understood to have been in existence in 1831. The Marriages solemnized during the period when this book was in use have been carefully copied from the Bishop's Transcripts at Salisbury, so that the record here printed is as complete as it has been possible to make it.

Although the Registers themselves are, with this unfortunate exception, complete from the latter half of the sixteenth century, there are as usual some gaps to deplore in addition to those generally to be found at the time of the Civil War and the Commonwealth. Thus at Whiteparish the first part of the earliest Register is a transcript, from a still earlier book not now to be found, made in 1605; but the transcript only comes down to 10 January, 1598-9, and there is no further entry until 21 January, 1604-5, when regular registration seems to have been resumed. At Luckington there are gaps from 1639 to 1645, 1648 to 1654, 1677 to 1686, and 1751 to 1754; but in a small parish such as this it is not easy to say how far these gaps are normal or the consequence of neglect.

The Editors desire to express their thanks to the clergy of the three parishes who have kindly afforded the necessary facilities for making these transcripts: the Vicar of Whiteparish, and the Rectors of Devizes and Luckington; to Mr. W. F. Lawrence for permission to use the transcript he has had made of the Registers of Whiteparish; to Mr. J. H. Parry for transcribing the Marriages at St. John the Baptist, Devizes; and to the Rev. W. Symonds for those at Luckington.

It must be mentioned that these transcripts are not "evidence" of marriage in the legal sense. Where such "evidence"

is required application should be made to the clergy, in whose custody the Registers are, for formal certificates.

The Editors will be greatly obliged for further assistance in the transcription of Registers, as it is only by such voluntary aid that the work can be carried on, and what still remains of those valuable records preserved to posterity.

Marriages at Whiteparish,

1560 to 1837.

NOTE.—There are nine volumes of Registers for the period ending with the 30 June 1837.

Volume I is of parchment in the original limp parchment binding, it measures 13½ in. by 7¼ in., and contains entries of Baptisms, Marriages, and Burials. The earliest entries, from 1559 to 1599, were copied from an older book, not now extant, in 1605; there is a gap between 1599 and 1604. The Marriage entries date from 1560 to 1694. On a fly-leaf is a note of the lands belonging to the Church.

Volume II is of parchment, bound in card-board, with the front cover only remaining. There are no Marriages recorded in this volume; it contains entries of Baptisms and Burials; at the end is a copy of Orders made at the Devizes Session, xxx Charles II, for dealing with Rogues and Vagabonds, and a memorandum of the Church Plate and Lands.

Volume III contains entries of Baptisms, Marriages, and Burials from 1695 to 1721. It is of parchment, in the original card-board binding, and is much worm-eaten.

Volume IV, also of parchment, contains Baptisms and Burials from 1719 and 1721 to 1795; and Marriages from 1722 to 1754.

Volume V is made up of the usual Marriage forms, and contains entries from 1754 to 1806.

Volume VI and VII are bound together, and contain respectively Baptisms and Burials from 1795 to 1812.

Volume VIII, which appears to have been in existence in 1831, is now missing. The Marriage entries here printed for the time it was in use, 1807 to 1812 inclusive, have been copied from the Bishop's Transcripts at Salisbury.

Volume IX contains the entries from the beginning of 1814 to 30 June 1837; there is only one entry for 1813, though, presumably, other Marriages took place.

These transcripts were made by Mr. Arthur Hill, M.A., of Lyndhurst, for Mr. W. F. Lawrence, of Cowesfield, who has generously placed the manuscript at the disposal of the editors; they are printed here with his permission, and that of the Rev. C. F. Metcalfe, Vicar of Whiteparish.

Marriages at Devizes,

Parish of St. John the Baptist,

1559 to 1837.

NOTE.—The Marriages in this parish, before 1 July 1837, are recorded in eight volumes of the Registers. The first four are of parchment and contain entries of Baptism and Burial as well as Marriage; the others are made up of the usual printed forms and contain entries of Marriage only; the fifth, sixth, and seventh are of paper, and the eighth of parchment.

Volume I commences with a transcript of "all that have bene baptized maried and buried within the parish aforesaid from the year of our Lord God 1556 newlie engrossed and written out" in 1605 by John Davis then Rector, "when Mr. Richard Floure was mayor and when Nicholas Barret and Richard Bat were churchwardens". The earliest marriage is dated 8 October 1559, and the last 15 November 1653; but before the last is a gap from 2 October 1648.

Volume II begins and ends, respectively, on 5 November 1653 and 24 March 1704/5;

Volume III, on 13 September 1705 and 25 December 1737;

Volume IV, on 2 April 1738 and 14 February 1754;

Volume V, on 1 June 1754 and 1 June 1767;

Volume VI, on 9 June 1767 and 12 October 1783; and

Volume VII, on 13 October 1783 and 6 October 1812.

Volume VIII contains the entries from 1 January 1813 to the end of June 1837.

These transcripts have been made by Mr. J. H. Parry; they have been collated with the Registers and are printed with the permission of the Rev. P. W. G. Filleul, Rector of Devizes.

Marriages at Luckington,

1573 to 1837.

NOTE.—These Marriages are entered in five volumes :—

Volume I is of parchment, 13in. by 7½in., and contains the Marriages from the earliest date to 1639, and some between 1645 and 1648.

Volume II commences in 1654 and ends in 1677.

Volume III is marked outside 1707, and has a note inside to the effect that it was bought in that year, but it contains the Marriages from 1686 to 1751. There are entries of Baptism and Burial as well as Marriages in all these three volumes.

Volume IV contains the Marriages only from 1755 to 1812, and

Volume V those from 1813 to 30 June 1837.

There are several gaps : in Volume I, from 1639 to 1645; between that volume and the next, from 1648 to 1654 ; between Volumes II and III, from 1677 to 1686; and again between Volume III and Volume IV, from 1751 to 1755; but gaps of two or three years, or more, occur in the books themselves, and it is difficult to form an opinion as to how far entries have been omitted. These transcripts have been made by the Rev. William Symonds, M.A., and are printed with the permission of the Rev. Sydney R. Worters, Rector of Luckington.
